

Summer 1 Weekly Planning

Most able Year 4 pupils to refer to Year 5 objectives.

SEN pupils include Year 2 objectives where appropriate

All focus areas to include problem solving

REFER TO EXEMPLIFICATION

W/B	Focus Area	Year 3 Objectives	Year 4 Objectives
13.04.15	Cedar and Oak Measures (cm / m, g / kg, ml / L) Cherry and Oak – Statistics (Cherry to focus on mean, median, mode and range for the week).	Measure, compare, add and subtract: lengths (m/cm/mm);mass (kg/g); volume/capacity (l/ml) Cherry Y3 Interpret and present data using bar charts, pictograms and tables Solve one-step and two step questions [e.g. 'How many more?' and 'How many fewer?'] using information presented in scaled bar charts and pictograms and tables	Convert between different units of measure (e.g. kilometre to metre; hour to minute) Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs
20.04.15	All. Geometry – position and direction	Use mathematical vocabulary to describe position, direction and movement including movement in a straight line and distinguishing between rotation as a turn in terms of right angles for quarter, half and three-quarter turns (clockwise and anticlockwise) Order and arrange combinations of mathematical objects in patterns and sequences	Describe positions on a 2-D grid as co-ordinates in the first quadrant Describe movements between positions as translations of a given unit to the left/right and up/down Plot specified points and draw sides to complete a given polygon
27.04.15	Cedar and Oak Fractions Cherry and Oak to	Count up and down in tenths Recognise, find and write fractions of a discrete set of objects: unit fractions and non unit	Recognise and show, using diagrams, families of common equivalent fractions

		increasing accuracy to the nearest minute; record and compare time in terms of seconds, minutes, hours and o'clock; use vocabulary such as a.m./p.m., morning, afternoon, noon and midnight	
11.05.15	Shape (to include triangles) Cherry to have weekly focus of triangles.	Identify and describe the properties of 2-D shapes, including the number of sides and line symmetry in a vertical line Identify and describe the properties of 3-D shapes, including the number of edges, vertices and faces Identify 2-D shapes on the surface of 3-D shapes, [for example, a circle on a cylinder and a triangle on a pyramid] Compare and sort common 2-D and 3-D shapes and everyday objects	Identify lines of symmetry in 2-D shapes presented in different orientations Complete a simple symmetric figure with respect to a specific line of symmetry Compare and classify geometric shapes, including quadrilaterals and triangles, based on their properties and sizes Identify acute and obtuse angles and compare and order angles up to two right
