

MFL

At Millfields children in Year 3 and Year 4 study French. We want to instil a love of languages and promote cross-cultural understanding, in the hope that when they are older they will be able to communicate confidently and effectively in both spoken and written forms.

Ultimately, we want to support our pupils in becoming global citizens who can participate fully in a globalized world.

Our MFL program is designed to be engaging, varied, and stimulating, catering to the diverse needs and abilities of all our pupils. The children have opportunities for speaking, listening and reading in French building upon their knowledge and understanding as they progress through each year group. Our curriculum is thoughtfully sequenced, with a focus on developing children's proficiency in key language skills whilst also introducing them to new vocabulary.

Our MFL program has also helped to develop pupils' understanding and respect for other cultures, fostering an inclusive and tolerant school community and providing a basis of language which can be built upon in Middle School.
